

## Newsletter 25 December, 2014

**Dear Members,**

**You are all invited to visit and submit your comments on the new IPS Facebook**

---

**\*New Textbook in Mechanics\***

Magnes Press has recently published an electronic book in Hebrew, appropriate for the course that in most Israeli universities is dubbed Physics 1M. Details can be found at the site

.

Lecturers interested in an inspection copy are welcomed to email the author at <>

---

### **Tel-Aviv University, Dept. of Physical Electronics**

#### **Research Grant**

#### **For EE/Physics Post-doc / PhD Student**

-

Basic science research in the fields of Quantum-Electronics, Laser Physics and Particle Beam Physics:

-Laser Acceleration.

-Compact Free Electron Lasers.

-Light - Electron wave-function interaction.

-Particle beam micro-dynamics

-
