

## IPS 2021 Meeting SNBS Division

Dear Colleagues,

During the upcoming IPS annual meeting the soft-matter, nonlinear, biological, and statistical physics (SNBS) sessions will be directed by the SNBS topical division.

Each parallel session will consist of one invited talk and multiple contributed talks.

Four sessions are planned:

- Soft Matter Physics
- Statistical Physics
- Biological Physics
- Complex Systems and Nonlinear Dynamics

PI's, Postdocs, and advanced graduate students that are members of the IPS are encouraged to submit abstracts for contributed talks.

Abstract submissions are available via the , and should be submitted to the SNBS topical division no later than Jan 22nd.

Please distribute this message to colleagues and students.

Best wishes,

The organizing committee
